Section 1: Explanation of Timing “Issues”

The results report you are looking at is the result of a COMPLETE RE-SCORING of the race USING FINISH LINE VIDEO. Some of you will have slower times than your watch said. Some of you have faster times than your watch said. And some of you have the same time +/- 1 sec as your watch said (which, in reality, could be the difference of only 1/10 of a second right before or after the turning of the whole second on our timing or your watch.)

What Went Wrong?

Despite all of our pre-race system tests showing normal operation, we realized that there was some sort of problem as soon as runners started coming through the split. Unfortunately, at that time, we did not realize the nature nor extent of the time-synch problem between our various laptops. As a result, every correction we attempted seemed to make the situation worse. It wasn't until the following day, after much analysis, that we began to understand what the root problem was. Don't take that as an excuse, 'cause it's not. We had a bad day, period. As President of SpectaSport, my apologies – we are as upset as you. On the other hand, we're willing to “Man-Up” and admit when we have issues (unlike some companies that remove bad races from their websites). Whatever you think of us, PLEASE DON'T LET THE RESULTS ISSUES AFFECT YOUR IMPRESSION OF THE MERRICK FUND 5K. It wasn't their issue, it was ours. – Ken Getchell, President; SpectaSport LLC.

Section 2: Overall Finish

Place	Bib #	Name	Elapsed	Pace	Age	Gender
1	175	Ethan Rissell	00:15:26	04:59	22	M
